Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Fayetteville's 2018-2019 Annual Action Plan is a comprehensive plan that addresses the City's needs in the areas of decent affordable housing, economic opportunities, and suitable living environments. The plan contains goals, measurable objectives, descriptions of projects and activities that implement the strategies established in the Consolidated Plan. Also included are the appropriate forms required by the U. S. Department of Housing and Urban Development. This annual action plan constitutes the fourth annual plan of the 2015-2019 five-year Consolidated Plan. It sets forth a description of activities for the use of funds that are expected to become available during the upcoming fiscal year and establishes goals and objectives for those activities.

The Economic and Community Development Department is committed to providing quality service and opportunities to citizens in need of decent, safe and affordable housing; creating positive economic development situations that result in job opportunities for low to moderate income persons and the expansion of the tax base.

Jurisdictions that receive Community Block Development Grants (CBDG) and Home Investment Partnership Grants (HOME) from the US Department of Housing and Urban Development (HUD) are required to develop an Annual Action Plan per HUD regulation CFR 24, Part 91.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The City of Fayetteville has identified goals and objectives to address the City's priority needs. Programs and projects have been designed to carry out the goals and objectives as identified below. These activities are also consistent with HUD's national objectives and outcomes.

The 2018-2019 Annual Action Plan focuses on the three goals outlined below:

Goal 1: **Decent Affordable Housing:** Provide decent, safe and affordable housing to improve the quality of lives, households, neighborhoods and community stability.

- Objective 1.1: Preserve, improve and expand the supply of affordable housing for low to moderate-income homeowners and renters.
- Objective 1.2: Increase homeownership opportunities.
- Objective 1.3: Create suitable living environments that promote access to quality housing, elimination of blight and the acquisition of land for future affordable housing.

Goal 2: **Suitable Living Environments:** Create environments that promote neighborhood improvement, eliminate slum and blight, increase accessibility and support the homeless.

- Objective 2.1: Provide support to the City's efforts to extend water and sewer to newly annexed areas, pave remaining streets and various community improvements.
- Objective 2.2: Support homeless programs and service providers to reduce the number of homeless while increasing their independence and self-sufficiency.
- Objective 2.3: Provide programs that eliminate slum and blight and increase the appearance of neighborhoods.

Goal 3: **Economic Opportunities:** Create community investment programs designed to support entrepreneurship, economic empowerment, retention of businesses and job creation opportunities.

- Objective 3.1: Provide loan and grant programs to support the development and expansion of small businesses.
- Objective 3.2: Create job opportunities through entrepreneurship training, job skills training and the coordination of community resources.

The Annual Action Plan further identifies programs that will meet the needs of the City of Fayetteville. Community needs were identified in the 5-Year Strategic Plan, but are expanded annually through community meetings and public hearings. The City of Fayetteville is committed to using the Community Development Block Grant and the Home Investment Partnership Program funds to assist in improving the lives of low to moderate income individuals and families of Fayetteville.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City of Fayetteville has effective programs in place to address the three identified goals. Annually, the City analyzes the effectiveness of its programs and makes improvements to effectively carry out the

identified goals and objectives. The City's Consolidated Annual Performance Evaluation Report (CAPER) is utilized as a tool to comprehensively review programs and progress and to inform citizens on the use of the City's Economic and Community Development Department's entitlement funds and its impact within the community.

This past year's CAPER identified Fayetteville as having exceeded the primary objective of its CDBG expenditures benefiting low/moderate income residents. Fayetteville's CDBG activities meet the three national objectives. The City is also under the cap of planning and administrative cost to carry out its programs and activities. CDBG regulations require grantees to disburse funds timely. The City met the spending requirement for the program in a timely manner and has also met the requirement for this year. The City of Fayetteville has an effective system to monitor its subrecipients that use federal funds on the City's behalf.

This past year's CAPER also identified Fayetteville as having exceeded its goal in providing rehabilitation to homeowner's housing. Fayetteville's HOME activities also met this program's national objectives.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The City of Fayetteville's economic and community development planning process is designed to encourage maximum citizen participation and input in the development of the annual action plan. City staff scheduled six citizen participation meetings in locations throughout the City with five actually conducted. The meeting scheduled at Mt. Olive Missionary Baptist Church was cancelled due to inclement weather conditions. Meeting sites were strategically located in areas that either had concentrations of low to moderate-income persons or were near project sites that might impact the surrounding community. In this manner, bringing the forum to the community encouraged citizen participation. The meetings were advertised on the local community channel, with flyers via direct mailings, on the City's website and the local newspaper. The following meetings were scheduled:

- January 9, 2018 – Massey Hill Recreation Center
- January 11, 2018 – Good Hope Missionary Baptist Church
- January 16, 2018 – Kingdom Impact Global Ministries
- January 18, 2018 – Mount Olive Missionary Baptist Church (Cancelled due to inclement weather)
- January 23, 2018 – Hollywood Heights Community Center
- January 30, 2018 – Old Wilmington Road Neighborhood Resource Center

During these meetings, City staff made presentations on the Annual Action planning process, reviewed HUD national objectives, discussed economic and community development activities, programmatic

information and reviewed the action plan schedule of events. This format ensured that citizens would be better informed on how entitlement funds have been used, its impact within the community and provide necessary information about the City's Consolidated Plan and One Year Action Plan. A summary of the citizen comments are included in this plan.

Public Hearings

Two official public hearings are held regarding the Annual Action Plan. City staff held the first hearing on February 15, 2018 at 7:00 p.m. in the Council Chambers at City Hall. This meeting was held after all of the citizen participation meetings had been conducted. The meeting was advertised in the Fayetteville Observer on January 30, 2018. This meeting is designed to allow City staff to publicly summarize and review citizen input gathered from throughout the community. The Fayetteville Redevelopment Commission (FRC) held a second public hearing on March 8, 2018 at 7:00 p.m. in the Council Chambers at City Hall. This meeting was advertised in the Fayetteville Observer on February 22, 2018.

Public Comment on the 2018-2019 Action Plan

The City publicly advertised that draft copies of the proposed 2018-2019 Annual Action Plan would be available for public comment. The period of public comment on the City's Annual Action Plan is for 30 days. The comment period was March 27, 2018 through April 26, 2018. The Annual Action Plan was made available for public review at the City's neighborhood resource centers, local branches of the public library, the City's recreation centers, and the office of the Economic and Community Development Department. No comments were received during the comment period.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

A summary of the comments received during the citizen participation process is provided in AP-12 beginning on page 11.

6. Summary of comments or views not accepted and the reasons for not accepting them

All comments and views were accepted in preparing the plan.

7. Summary

The Community Development Block Grant (CDBG) and HOME Partnership Grant (HOME) funds received will be used to address the core goals identified in the plan with the numerous projects that are detailed further in the plan.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

The City works closely with public and assisted housing providers to identify funds and potential city-owned properties that can be donated to housing providers. Additionally, through periodic meetings with developers, affordable housing providers and representatives from various public services agencies, the Economic and Community Development Department seeks to identify opportunities for collaboration. The City also collaborates with its Planning and Code Enforcement Departments on zoning, planning and unified ordinance issues to facilitate the development of housing and the removal of blight in neighborhoods.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

The City continues to work with numerous private and governmental health, mental health and service agencies to find opportunities to coordinate the support of residents of low-income and affordable housing. City department programs enhance nonprofit and governmental agencies with support to provide housing and services that promote quality of life. Surveys and interviews from 59 healthcare and service providers provided insight and feedback on needs critical to maximizing the level of services available to target families.

The Cumberland County Continuum of Care on Homelessness (COC) has implemented the coordinated assessment intake process throughout the COC network. This tool provides a standardized means to make referrals of homeless and at risk homeless people. The tool helps to coordinate the services among service providers, nonprofits and governmental agencies to keep clients from “falling through the cracks” as they seek services and support. This coordinated approach helps to maximize resources and minimize the duplication of services.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

Through its work with the Continuum of Care, the Fayetteville Economic and Community Development team has a strong understanding of the needs of homeless and at-risk/imminently homeless families;

and works to identify additional resources for the housing or provision of services to chronically homeless individuals and families, families with children, veterans and unaccompanied youth.

An Economic and Community Development staff members sits on the Board of Directors (BoD)/ Executive Committee of the Continuum of Care on Homelessness. The CoC BoD/Executive Committee, which includes government, nonprofit, and private service providers, develops short-, medium-, and long-term strategies and goals to reduce the number of homeless people in the City and county.

Additionally, the City was a key partner in the development of the Fayetteville/Cumberland County's 10 Year Plan to End Homelessness. The high-level goals of the plan include:

- Collect local data focused on outcomes/indicators of success
- Develop stronger homeless prevention programs
- Strengthen discharge planning
- Focus appropriate resources on people with most complex problems
- Develop supply of affordable housing
- Develop sources of income and support services
- Rapidly re-house individuals and families

The City partners with Cumberland County's Community Development Department to fund the Data Evaluation Analyst that coordinates the Homeless Management Information System.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City of Fayetteville does not receive ESG funds. The CoC receives funds through Cumberland County which develops allocations, administers HMIS, provides technical assistance to participating agencies and housing providers, and monitors grantee performance.

The CoC works with other CoCs throughout the state, including through its work with the North Carolina Coalition to End Homelessness. The CoC provides data regarding the number of and needs of homeless people, people at risk of homelessness and people imminently homeless. Allocations are based on the framework of needs, priorities, goals, and objectives developed through the CoC's needs assessment and the Five-Year Consolidated Planning cycle, as well as other grant guidelines. Currently, the top priorities include rapid rehousing, homeless prevention, emergency response and HMIS. Through the CoC's Performance and Evaluation Committee, priorities will be evaluated at least annually. The

Committee will evaluate outcomes to ensure the goals of the CoC are being met. The Homeless Management Information System (HMIS) is being used by providers on a statewide level. A local data evaluation analyst will provide training and technical assistance to users within the community.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

The City of Fayetteville's Economic and Community Development Department engaged in a series of five public meetings held throughout the City in January 2018 with a sixth meeting being cancelled due to inclement weather conditions. Two public hearings were also held to provide additional opportunities to gain citizen input. Residents were notified of the meetings through direct mailings, PSAs, media notices, flyers, and notices distributed throughout the region in governmental, nonprofit, service provider and commercial locations. Flyers were also provided in locations near the proposed beneficiaries of programs, including places of worship and organizations offering support and services to low-income or disabled persons. The minority community was also targeted through organizations and publications serving their communities. Additionally, the City utilized email and regular mailing lists to notify interested citizens and agencies of the upcoming meetings. For those unable to attend the meetings, the city posted online surveys for the public and for service agencies to offer their feedback. The City will provide the public the opportunity to review and comment on the proposed Action Plan through its display at 14 public locations, including governmental offices, public libraries, recreation centers and neighborhood resource centers.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The 2018-2019 Annual Action Plan describes the activities to be funded or implemented during the program year. The plan contains goals, objectives and description of projects and activities that implement the strategies established in the Consolidated Plan. This annual action plan constitutes the fourth annual plan of the 2015-2019 five-year Consolidated Plan. It sets forth a description of activities for the use of funds that are expected to become available during the upcoming fiscal year and establishes goals and objectives for those activities. The City expects the resources below to be available to implement its community development strategies during the 2018-2019 program year.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City of Fayetteville will partner with local non-profit organizations and developers to carry-out some of the identified goals and objectives. The Economic and Community Development Department's activities are also funded in part by the City's general funds mainly for general administration and support. The City will partner with the following organizations: Action Pathways, Center for Economic Empowerment

and Development, Fayetteville Area Habitat for Humanity, Fayetteville Area Operation Inasmuch, Fayetteville Urban Ministries, United Developers, Endeavors, Salvation Army and Veterans Empowering Veterans.

The City matches the Home Investment Partnership Grant with its general funds when a match is required. Due to Hurricane Matthew the City of Fayetteville is not required to provide a HOME match for this program year.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City of Fayetteville will make available to its Community Development Housing Organizations (CHDOs), surplus land and land acquired for future affordable housing. During the FY 17-18 program year, the City donated seven (7) parcels acquired through the City's General Fund to Fayetteville Area Habitat For Humanity. These parcels will be used to build single-family affordable housing.

Discussion

The City of Fayetteville has created an Affordable Housing Fund from its General Fund to effectively produce decent, safe and affordable housing for low and moderate income households. The fund is available for the acquisition of land, to build infrastructure and to provide gap financing to affordable housing developers for the creation of affordable housing.

AP-38 Project Summary
Project Summary Information

1	Project Name	Housing Rehabilitation Program
	Target Area	City-wide
	Goals Supported	Decent Affordable Housing Suitable living environment
	Needs Addressed	Housing rehabilitation
	Funding	CDBG: \$150,000 HOME: \$581,158
	Description	This program provides housing rehabilitation assistance through a revolving loan pool with low interest loan rates between 0-5% or emergency home repair grants for emergency repairs dependent upon the housing type up to \$5,000. Homes requiring substantial rehabilitation services are handled through the revolving low interest loan pools: the City's Owner Occupied and Investor Owner Housing Rehabilitation Programs. Homeowners requiring immediate housing rehabilitation assistance, especially complete roof and heating and air replacements, are referred to the Emergency Housing Repair Program. Income requirements will dictate whether the household will receive a deferred loan or low interest loan, as well as the assigned interest rate. The amount borrowed for the repairs will determine the length of the term for the full housing rehabilitation program.
	Target Date	6/30/2019
	Estimate the number and type of families that will benefit from the proposed activities	It is anticipated that a minimum of thirty-five low to moderate-income households will be assisted with the housing rehabilitation program (5) and emergency repairs (30) provided by Fayetteville Urban Ministry during the program year.
	Location Description	This program is available to eligible homeowners and investor owners with housing units located within the city limits of Fayetteville.
2	Planned Activities	This revolving loan pool makes funds available in excess of \$5,000 up to \$29,999 for low to moderate income homeowners and investor owners to make substantial repairs to deteriorated single family and multi-family housing units. The emergency home repairs are those funded at \$5,000 or less.
	Project Name	Acquisition and Demolition Program
	Target Area	City-wide
	Goals Supported	Decent Affordable Housing

	Needs Addressed	Affordable housing Community improvements
	Funding	CDBG: \$100,000
	Description	This program was designed to demolish and remove property that is abandoned, unsafe, seriously damaged, or deteriorated beyond reasonable financial costs to effectively rehabilitate and to acquire the remaining vacant parcels that may be used for future affordable housing development. Grant awards to obtain vacant parcels may range from \$1,000 up to \$5,000, dependent upon the current market or property tax value of the parcel. However, this program is mostly used for the demolition assistance only and acquisition of the vacant parcel is not required. The program provides up to \$7,500 as a grant to demolish residential properties and up \$30,000 as a grant to demolish commercial or other non-residential properties.
	Target Date	6/30/2019
	Estimate the number and type of families that will benefit from the proposed activities	It is anticipated that at least ten blighted properties will be demolished during the program year.
	Location Description	This program is available to blighted properties located within the City limits of Fayetteville.
	Planned Activities	Grants will be made available to eligible applicants and participants of the program which can be investors, developers, subrecipients, CHDOs and non-profits that have blighted properties within the city of Fayetteville.
3	Project Name	Oakridge Estates (CHDO- Fayetteville Area Habitat for Humanity)
	Target Area	Low-income census tracts
	Goals Supported	Decent Affordable Housing
	Needs Addressed	Affordable housing Increase homeownership opportunities
	Funding	HOME: \$474,500

	Description	This activity will provide funding for housing construction in the Bunce Road low to moderate- income area. Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Many of the programs offered are available city-wide such as with our Housing Rehabilitation Loan Program. However, some of the programs are designed to target areas such as low-income census tract areas and redevelopment plan areas such as the Commercial Exterior Improvement Grant Program.

Discussion

There is so much need for our programs throughout the City and we will continue to improve and increase the marketing of our programs to attract eligible applicants and beneficiaries.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The City of Fayetteville's current population is 210,468, having seen a 17% increase in population between 2000 and 2011, a 19% increase in the total number of households, as well as a 22% increase in the median household income. However, despite significant growth in median household income over the last decade, low to moderate-income households continue to experience housing problems largely associated with cost burden. Households considered to have a housing problem are those without a complete kitchen or bathroom, contain more than one person per room and/or pay more than 30% of their income to cover housing expenses. Of the total number of households in Fayetteville, 36.57% currently have at least one of the four most common housing problems, with housing cost burden greater than 30% of AMI being the most common issue for concern. Those families currently renting their homes and those with small-related households experience this problem more frequently than others.

Low wages remain to be a major barrier to affordable housing in Fayetteville and Cumberland County with many who are employed not earning a living wage, also in despite of significant growth in median household income over the last decade. The City of Fayetteville as a whole, with 72,290 households, had 36.64% of the population reporting no income or a financial burden of 30% or more their income.

Barriers to decent, safe and affordable housing include a poor credit history, insufficient funds for the required down payment, unemployment and underemployment, a lack of flexible underwriting from financial institutions, inability to pay a standard mortgage and a lack of governmental funding to subsidize rents and for the development of additional affordable housing units sufficient enough to address the needs of lower income households.

According to the US Census, the median rent in Fayetteville is \$862, 12% higher than the median rent within the state of North Carolina. The presence of a very large, dynamic military population for our area has had a significant effect on both housing development and costs of housing, as some landlords or developers in local housing markets serving military populations tend to price their housing to coincide with the military's basic allowance for housing (BAH) that has created higher prices for all housing stock. The current rental market in the City of Fayetteville has made it difficult for many families and individuals to obtain affordable housing. While the average poverty value is lower in Fayetteville when compared to cities within North Carolina similar in size, rental costs are still quite high in comparison.

Discussion

Rent that over stretches a household's budget also leads to credit problems that make it difficult to contemplate buying a home, even if income increases to a level that would make that possible. Considering these factors, community input and the findings of the housing study, the City has established providing decent, safe and affordable housing to improve the quality of lives, households, neighborhoods and community stability as its goal of which the following are its objectives:

1. Preserve, improve and expand the supply of affordable housing for low to moderate-income homeowners and renters.
2. Increase homeownership opportunities.
3. Create suitable living environments that promote access to quality housing, elimination of blight and the acquisition of land for future affordable housing development.

AP-60 Public Housing – 91.220(h)

Introduction

The need for public housing is acute in the City of Fayetteville. Despite the addition of 642 units, including the net addition of nearly 400 new units of housing within the last five years, the waiting list for FMHA public housing is currently 600 families, including over 300 individuals, mostly elderly, seeking one-bedroom apartments. The waiting list for housing vouchers is currently closed, with a five-year wait list. The vouchers wait list has only taken applications three times in the last 25 years. For over 30 years, says one official, no matter what the economy, there's consistently been a waiting list for housing.

Actions planned during the next year to address the needs to public housing

The Fayetteville Metropolitan Housing Authority through the Rental Assistance Demonstration Program will be demolishing the decades old Grove View Terrace development. The current development has a total of 216 units and will be replaced with 272 units which will provide 56 additional public housing units. The City of Fayetteville is providing a \$3 million dollar loan to assist with the project.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The scattered site detached housing is available to tenants who've successfully lived in public housing apartment for one year. With the opportunity to maintain these houses, tenants can then take the next step to home ownership. The City of Fayetteville also partners with Action Pathways to provide a first time homebuyer education program.

Discussion

The average income of public housing residents is \$8,705 and the average income of voucher holders is

\$9,305. Families have shown a need for more food and meals assistance, including emergency assistance. To support these citizens in earning higher incomes, job skills development and placement assistance is also vital.

Through the Rental Assistance Demonstration Program, the Housing Authority will shift from voucher units to more public-private partnerships, such as LIHTC housing.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

In 2017, the City of Fayetteville/Cumberland County reported 442 single individuals by the Cumberland County Continuum of Care Planning Council during the annual Point-In-Time homeless count. The count for 2018 is currently still being tallied and should be announced by end of April. The City of Fayetteville works closely with the Cumberland County Continuum of Care Planning Council, the lead entity for planning and coordinating homeless needs in the Fayetteville/Cumberland County area. The City has developed partnerships through the COC to increase the level of care for the homeless individuals in the Fayetteville/Cumberland County area. Programs and technical assistance has been designed to provide support to shelter providers and the Continuum of Care.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of Fayetteville continues its partnership with the Fayetteville/Continuum of Care on Homelessness and be involved in the operation of a coordinated intake/assessment system. The Coordinated Assessment is a system in that all programs within a CoC work together to assure that services are accessible and well targeted to the immediate needs of the client. The City of Fayetteville supports the COC and provides a Homeless Project Officer from the City of Fayetteville Police Department. The Homeless Project Police Officer assists unsheltered homeless individuals in getting into the coordinated assessment system to obtain needed services.

Addressing the emergency shelter and transitional housing needs of homeless persons

In FY 2018-2019 the City will allocate CDBG funds to support homeless shelter providers through the following programs:

- **Utility Deposit Assistance Program:** Provides a one-time assistance to homeless clients with a utility deposit when leaving transitional housing for permanent housing.
- **Homeless Client Assistance Program:** Assist sheltered/unsheltered homeless clients through the assistance of the City's Homeless Project Police Officer. The City provides a police officer to assist the homeless with needed items such as blankets, toiletries and bus passes. This service also provides a link for the unsheltered homeless to programs and services that include

long distance transportation through a family reunification program.

The City will also continue to coordinate services to the homeless through the Cumberland County Continuum of Care participating in Homeless Project Connects and Homeless Stand-Downs with the Veterans Administration.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

In FY 2018-2019, the City will provide CDBG funding to support the Hope Center, a 21-bed emergency shelter for women located at 913 Person Street. The shelter is operated by True Vine Ministries, who will also provide case management to assist the homeless to locate needed resources and transition to permanent housing. The City will also provide funding to Veterans Empowering Veterans, a full service day center that provides and promotes services to homeless and at-risk veterans and their families in order to enable them to transition successfully back into society. Funding will be provided to assist with the replacement of HVAC systems in transitional housing units and other minor repair of the units.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

During the FY 2018-2019, the City will provide CDBG funding to the following:

- **Fayetteville Area Operation Inasmuch** – Homeless Services Center: The Breakfast Program provides nutrition and an atmosphere of hope to the homeless as they deliver services and opportunities for education, job search, showers, laundry and other services.
- **Hope Center Homeless Shelter** - Emergency overnight shelter for single women that provides food, showers, laundry, referral services and coordinated assessment for housing and case management operated by True Vine Ministries.
- **Veterans Empowering Veterans** - Veterans Empowering Veterans is a full service day center

that provides and promotes services to include transitional housing for homeless veterans and case management to homeless and at risk veterans and their families in order to enable them to transition successfully back into society.

- **The Salvation Army of Fayetteville** – The Salvation Army maintains an emergency shelter for women and children. Meals are served to all homeless and those in need of nutrition. Services include housing, employment and social service referrals.
- **Endeavors (formerly Family Endeavors)** - Endeavors operates the Reveille Retreat, a transitional housing program for homeless female head of households with children, with preference given to veterans. The program uses the housing first approach.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

A thorough review of City zoning regulations, including land use controls, zoning ordinances, building codes, fees and charges, growth limits, and any other policies that can affect the return on residential, resulted in no findings of policies that might limit the development of affordable housing. Discussions with planning, building, inspections, and other officials confirmed that current local public policies are not adversely creating barriers to the development of affordable housing.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City of Fayetteville has included as a Target for Action, a comprehensive housing study that will focus on affordable housing throughout the City. The City has developed an Affordable Housing Development Fund to assist with the development of affordable housing to include the acquisition of parcels. The City also continues to honor its commitment of increasing the supply of affordable housing by providing funding to support the new development of 10 affordable single family homes and 48 affordable multifamily housing units.

Discussion:

AP-85 Other Actions – 91.220(k)

Introduction:

The City of Fayetteville has developed goals, objectives and strategies to meet the needs identified through the consolidated planning process. These goals are consistent with the following City of Fayetteville Goals 2023:

- The City of Fayetteville will have a strong, diverse and viable local economy.
- The City of Fayetteville will be a highly desirable place to live, work and recreate with thriving neighborhoods and a high quality of life for all residents.

Actions planned to address obstacles to meeting underserved needs

The City of Fayetteville will carry out the following actions to address obstacles to meeting underserved needs:

- Create additional affordable housing.
- Provide housing rehabilitation programs to improve housing conditions.
- Provide assistance to reduce the number of homeless individuals.
- Continue operation of neighborhood resource centers to provide job skills training to increase employability.
- Provide programs to assist small businesses in effort to create additional jobs for low and moderate income individuals.

Actions planned to foster and maintain affordable housing

City Council has included the development of a comprehensive housing study with emphasis on affordable housing as part of the City's Fiscal Year 2018 Strategic Plan.

The City of Fayetteville will continue to make its resources available to create additional affordable housing through its partnerships with the City's certified Community Housing Development Organizations (CHDOs). The City will continue its effort to build single family houses in the Bunce Road development (Oakridge Estates Subdivision) in partnership with the Fayetteville Area Habitat for Humanity. The City will also continue to partner with private developers to leverage funds to develop additional affordable multifamily units using tax credits. One multifamily affordable housing development is planned for this program year, totaling 96 units. In addition the City is funding a Rental Assistance Development project with its general funds which shall provide 272 additional affordable

rental housing units within our area.

The City will target neighborhoods to improve the housing conditions through housing rehabilitation and affordable housing efforts. This year's plan focuses on the Boonie Doone neighborhood and the B Street/Lincoln Drive neighborhood.

The City of Fayetteville has included as a Target for Action, a comprehensive housing study that will focus on affordable housing throughout the City. The City has developed an Affordable Housing Development Fund to assist with the development of affordable housing to include the acquisition of parcels. The City also continues to honor its commitment of increasing the supply of affordable housing by providing funding to support the new development of 10 affordable single family homes and 48 affordable multifamily housing units.

Actions planned to reduce lead-based paint hazards

If an assessment reveals that lead-based paint is present in a dwelling targeted for rehabilitation, lead abatement is prescribed. All assisted housing tenants of homes built before 1978 are informed of the hazards of lead-based paint and issued a brochure or literature in reference to protecting their family from lead in the home. In addition, all contractors, sub-contractors and their employees participating in the City's housing rehabilitation programs are required to obtain training on lead-based paint safe work practices. Likewise, the homeowner may choose to occupy alternate affordable and/or existing housing currently available with the City.

In addition to continuing the current practices to address and educate homeowners and contractors regarding lead-based paint hazards, the City shall formulate an official written standard operating procedures document that provides statutory information regarding lead-based paint requirements and its purpose as well as to outline actions to evaluate and reduce lead-based paint hazards; actions to increase access to housing without such hazards; and actions to address the existence of lead poisoning and hazards.

Actions planned to reduce the number of poverty-level families

The City of Fayetteville's poverty reducing goals are coordinated with this affordable housing plan in addressing the need for additional affordable housing as well as improved housing. The City's programs focus on creating decent affordable housing, improving the housing stock for low to moderate-income families and provide homeownership opportunities. The plan also provide opportunities to reduce

poverty through training programs and classes offered through the City's Neighborhood Resource Center (NRC) network to include those offered in partnership with Fayetteville Technical Community College (FTCC) to increase one's job skills, employability and rate of pay.

Actions planned to develop institutional structure

The City of Fayetteville will continue to seek opportunities to partner with other agencies and non-profit organizations to overcome the gaps in service delivery. The City will work with the Cumberland County Continuum of Care to coordinate the efforts to reduce the number of homeless individuals. The City will also seek funding to provide housing solutions to reduce the number of homeless.

Pathways for Prosperity (P4P) is an initiative organized by the City of Fayetteville and Cumberland County to improve economic mobility and reduce poverty in our region. Residents participated in a Community Summit to gather input on the barriers we most need to remove in an effort to help all residents in our community thrive. The five following focus areas were developed from the summit; workforce and industry alignment, life skills & mentorship, Pre-K education, K-12 education, and affordable housing. Community-driven workshops are held on a monthly basis to determine objectives and goals for the P4P initiative and to help empower residents on their path to a more prosperous future.

Actions planned to enhance coordination between public and private housing and social service agencies

The City of Fayetteville will enhance coordination between public and private housing and social service agencies by collaborating on projects consistent with the identified goals of the plan. The City will meet with these entities on a regular basis to discuss progress of the unmet needs identified in the plan and seek ways to further coordinate and collaborate on solutions.

HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

The City of Fayetteville is funding a Rental Assistance Development project with its general funds which shall provide 272 additional affordable rental housing units within our area.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

The City of Fayetteville shall implement the HUD recapture provisions as outlined in 24 CFR Part 92.254 in administering its eligible HOME-funded homebuyer assistance programs by requiring the recapture of the full amount of the HOME subsidy if the property is sold during the period of affordability. This means and equates to the original HOME loan amount provided to the homebuyer minus loan payments already received from (or on behalf of) the homebuyer, for collection of the loan's principal balance due from, but not in excess of, the net sales proceeds. To the extent that net sales proceeds are available at closing, the principal balance of HOME funds is due and payable. In the event of foreclosure, the City may not require the Homebuyer to repay an amount greater than the net proceeds available after the foreclosure sale. The City shall attempt to collect only the amount of its entire HOME subsidy and shall allow the homebuyer to retain all appreciation from the sale of the property once the City has been repaid its HOME funds.

The City shall enforce its HOME Program Recapture Provisions by: 1) Requiring each homebuyer to read, understand and execute the City's Homebuyer HOME Investment Partnership Funds Recapture Agreement; 2) Securing every loan provided with a Deed of Trust (lien) on the property executed by the homebuyer during the close of the loan which shall ensure repayment of the City's full HOME subsidy prior to any subsequent conveyance of the property. 3) Recapturing the full HOME subsidy and/or principal balance due at the time of a subsequent conveyance prior to

canceling the City's lien on the property. 4) In the event of an involuntary sale or conveyance of the property such as a foreclosure, transfer in lieu of foreclosure or assignment to HUD, the housing unit will no longer be subjected to the affordability requirements if the full HOME subsidy is successfully obtained. However, if the full amount cannot be recaptured in an involuntary sale, the City will attempt to recoup any net proceeds that may be available and/or that it is able to recover. 5) During the period of affordability, a homebuyer will not be permitted to refinance the property without the approval of the City of Fayetteville, nor will the department agree to a subordination of its lien interest at any time. 6) The City shall not consider the investment of additional HOME funds to save its interests in properties facing property tax and/or other senior debt foreclosures but may consider the investment of additional HOME funds to rehabilitate and sale or rent any housing acquired through foreclosure. 7) The City shall continuously monitor that the housing unit is the homebuyer's principal place of residency during the period of affordability by mailing a letter or postcard no less than every three years with "do not forward" instructions requiring a response from the homebuyer.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

The City of Fayetteville shall implement the HUD resale provisions as outlined in 24 CFR Part 92.254(a)(5)(i) in administering its HOME-funded CHDO activities for the development of affordable newly constructed single family homes and/or to acquire and rehabilitate existing homes to sale to low-to-moderate income homebuyers that states that the period of affordability is based on the total amount of HOME funds invested in the housing to include any HOME program income used to assist in the project if these HOME-funded projects are sold during the period of affordability. HOME funds provided for these activities are solely for the development of the houses only, is not used for the purpose of lowering the purchase price from fair market value to an affordable price, and no down payment assistance is provided; unless directly applied for from the homebuyer subsequent to the development of the house by the CHDO of which a direct HOME subsidy would then be provided to the respective homebuyer and the recapture provisions will be adopted for the full amount of the HOME subsidy only provided to the homebuyer. Due to total, 0% interest, financing provided by a majority of homes developed by a CHDO and total financing more readily available from the private lenders with the use of FHA loans, there is little or no need for subsequent direct HOME subsidy to the homebuyer.

The City shall enforce its HOME Program Resale Provisions by ensuring that: The property is sold to another low-income homebuyer who will use it as his or her principal residence and enforcing the deed restrictions which shall also be recorded with the secured deeds of trust during the subsequent homebuyer's close on the property; The original homebuyer receives a fair return on investment as outlined below to include the homebuyer's down payment plus capital improvements

made to the house; and The property is sold at a price that remains affordable to a reasonable range of low-income homebuyers by targeting low-income potential homebuyers who have enlisted in the homebuyer education workshop funded by the City and offered by Consumer Credit Counseling Service and/or homebuyers that are program qualified to purchase an affordable home by the City's certified CHDOs that average between 60% and 80% our area's median income, as well as in predominantly low-income or census tract identified neighborhoods where most of the City's affordable homes have been developed and are located that already have a pool of income-eligible homebuyers who also average between 60% and 80% our area's income median.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The City does not have any plans to use HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds.
